

## 360° Dual Lens Rotating Video Boroscope

### Description

This 5 inch High Definition IPS Screen Industrial 360° Dual Lens Rotating Endoscope inspection camera's main camera is built for a Crisp, Clear & All Round field of view. Focal length at 20-100mm & 20-50mm with Viewing Angle of 65-85° gives you Smooth, Clear, Static, Dynamic pictures & Sharpest images Quality.

Our endoscope is Highly Durable with its Tungsten Wire Braided Tube Make it More Durable & Wear Resistant. The semi-rigid cable of 8mm camera easily passes through areas & Along with IP67 Rating (Waterproof) Offering Overall 720° of View. Along with its Dual Lens & Universal Rotation makes even the toughest Viewing Angle possible.

This cable can hold its shape well and the design allows the camera to operate With Sizes Varying from 1/5/10 metres Long with Its IP67 Water Proof Rated Camera & a Large Capacity Lithium battery that can work & last for 3 to 4 hours. Hand held integration design, portable to carry, beautiful appearance, User Friendly & also easy to use make this Product Sturdy & Preferable Choice for Users.

**KDLRVB-2000**

### Features

- 2000 mAh Lithium battery can last for 3 to 4 hours
- 360° Rotation & Dual Lens Offer Angle of 720° makes any viewing angle possible
- Intelligent Snapping & Recording, the detection of data records in time
- It can support 64GB SD Card(max), Standard: 16 GB (Supplied)
- 5" LCD Monitor can offer smooth real, clear, static and dynamic pictures
- It can be used in the environment of narrow curved space & corrosion where Human's can't reach

### Applications

- Industrial inspection
- Mechanical inspection
- Pipeline and internal structure inspection

### Uses

- To inspect hard-to-reach areas
- To capture real-time images and videos for analysis

**Technical Specifications**

Parameter	Specification
Product Name	360° Dual Lens Rotating Video Boroscope
Model	KDLRVB-2000
Make/Brand	KLABS
Monitor Size	5 Inches IPS Screen (2MP)
Sensor (CCD/CMOS) size	1/16 inch
Resolution	IMAGE 1920*1080 (JPG)
Resolution	VIDEO 1280*720 (AVI)
Dia of Camera	8mm
Probe length	1 Meter / 5 Meters / 10 Meters
Material of Probe	High Temperature With Smart Protection Semi-Rigid Tube
Material of Camera	Wear Resistant Metal Camera IP67 (Waterproof)
Depth of field	A: 2 – 10cm, B: 2-5cm
Frame Rate/Viewing Angle	20 FPS / 65-85°
Light	8 + 1 Adjustable LED Lights
Zoom	1.0-1.5-2.0x
Feature	360° Motor Rotation & Dual Lens
SD Card capacity	16 GB (standard), Max is 64GB With USB-C
Battery Type	2000 mAh Lithium battery (3-4 Working Hours)
