

## High Resolution Videoboroscope

### Description

High-Resolution Videoboroscope is designed for industrial inspection with high clarity imaging and flexible operation. The unit is equipped with 5.0 inch color LCD screen and high resolution camera for clear viewing. It features ultra-slim probe with waterproof capability and flexible gooseneck design for easy inspection in narrow and hard-to-reach areas. The system is powered by lithium battery and provides long working duration for continuous inspection tasks.

### Features

- 0.15 inch ultra-slim probe
- 1.0 Megapixel HD module
- IP67 waterproof rating
- Flexible gooseneck design
- 6 LED light illumination
- 5 inch color IPS display
- 32GB memory card support
- High resolution imaging

### Applications

- Automotive maintenance
- Sewer checking
- Home appliance repair
- House inspection
- Mechanical inspection

### Uses

- To inspect narrow and hard-to-reach areas
- To capture images and videos for analysis

**KHRV-2600**

**Technical Specifications**

Parameter	Specification
Product Name	High Resolution Videoboroscope
Model	KHRV-2600
Make/Brand	KLABS
Screen Type	5.0 inch Color LCD
Resolution	854*480 (Pixels)
Video Recording Resolution	1280*720
Image Capturing Resolution	1280720, 19201080
Probe Camera diameter	8mm
Cable length	15mtr
Resolution	1.0 Megapixel HD
Viewing angle	70 °
Depth of Field	30mm-100mm
Light Source	6 adjustable high intensity LEDs
Power Source	2600mAh Lithium Battery
Max battery life	3-5 hours from full charge
Water resistance	IP67
Certification	CE ROHS FCC
